New York, March 21, 1874.

I have careinly examined the matter of the proposed ball at irving Hall on March 24 inst., 'in a.d of 81. John's Guild:" and though the project may have been undertaken by Mr. Branda "in periect good laits," yet, for reasons which it is unnecessary to state here, the Guild could not and cannot sanction the undertaking.

CHARITY ENTERTAINMENTS.

pices of Female Evening School, No. 24, for the enefit of the poor of the Sixth ward, at the Cooper Institute, on Thursday evening next. A number of ladies and gentlemen have kindly volunteered their services for this occasion. The following are the Trustees of the Sixth ward schools:—Timothy Brennan, John Eoyd, John Mitchell, Lorenzo Carey and John Von Glahn.

The Twenty-second Regiment Concert. From the report of the Music Committee of the Iwenty-second regiment, just published, it appears that the sale of tickets for the concert given on the 2d inst. brought for charity the round sum of \$12,955 50. They were donated by the management to various benevoient organizations, and by them sold for the benefit of the poor.

Young Friends' Aid Association.

A reading for the benefit of the poor will be given at Friends' meeting house, Twenty-seventa street, near Sixth avenue, to-morrow (Monday) svening. The readings will be by Miss Louisa Lesslie, whose readings throughout New England bave received marked attention. The programme inclines selections from the historical plays of Snakespeare and Macaulay's "Horatius."

PROBABLE FATAL RESULT OF AN ASSAULT. A Foul Blow with a Stone by a Brooklyn Boy. Prederick Sigismund, a German, who was

struck on the head with a stone and sustained a compound fracture of the skull, in Bergen street, on Sunday evening last, is reported to be in a fying condition at the Long Island College Hospital. It appears that Prederick and his brother, oth of whom are bakers by occupation, were walking along Bergen street on the evening in question, when some one of a party of boys on the opposite sidewalk three a stick across the street, which act annoyed the Germans. They gave chase, and Frederick Sigismund struck James Crowe, one of the boys, in the face with his fist. When first struck he ran away, but being pursued by the Sigismund brothers he picked up a paying stone, which he threw at Frederick, striking him on the side of the head and fracturing his skult. An operation has been performed, and inflammation having set in, his recovery is regarded as hopeless. Crowe was arrested and arraigned yesterday on charge of felonious assault, with intent to kill, before Justice Delmar, who committed the prisoner to await the result of the injuries inflicted. Crowe is about seventeen years of age.

Stramship Britannic, recently launched at Belfast, I, from the yard of Mesers Harland & Woite, for the White Star Line, is the second largest steamer adout, being next in size to the Great castern. Her dimensions are—Length, from stem to stern, 45' leet; breadth of beam, 45' feet; depth of hold, 35' feet; registered tonnage, 4.730 tons. The main saloon is 75' feet long by 45' feet wide, extending the entire width of the ship. Her accommodations and fittings are said to be superior to those of any cessel adoat. She will be commanded by Captain Thompson, the commodore of the White Star Line.

Bark ANNE AUGUSTA, 273 tons built at Bibbo, Spain, in 1804, now in port, has been sold at or about \$5000.

Brits O C Clear, whose saie was recently reported. Batta O C CLARY, whose sale was recently reported, brought \$60.00.

Ing business.

The ship just finished and ready to launch from the yard of Thompson & Titcomb, at Kennebunkport, has been purchased by Captiben York, of North Yarmouth, George S Hunt & Co, of Pertiand and others, for the sum of \$120,000. This vessel is 253 feet long, 30 feet hold and 39 feet beam, and registers 2,200 tons she is built of white oak, and has the highest rate in French and American Lloyds.

Notice to Mariners.

The attention of mariners and others interested is called to the location of two dengerous sunken rocks off for front, at the entrance to San Francisco merbor, the positions of which have just been determined.

The arrat rock lies 320 teet off shore, NW by N from Fort Point light house, with 92 feet on it and 3 tathoms close to it, the water deepening to 7 fathoms at a distance of 100 teet outside.

The second rock lies 320 feet off shore, NE by N. N. N from Fort coint ight house, with 11 feet on it and 4 tathoms close to it, the water deepening to 7 fathoms at a distance of 100 teet outside.

To rock, bare at low water, lies hair way from the second sanken rock to the shore and nearly in range with the easters edge of the fort, and another bare at low water 320 feet W. 1/2 8 from this.

If with be apparent that these sunken rocks are well inside the rair-way of the channel; but they are especially dangerous on account of the violent eddies of the tidal current which prevail in the vicinity of the Point. a close approach to which should be carefully avoided. The above depth are referred to the mean of the lowest low waters and the bearines are compass.

MISCELLANEOUS. ALLCOCK'S

POROUS PLASTERS have made the lame "his crutch forego, and leap exult

ing like the bounding roe." We have thousands of certificates as to their great properties in the cure and alleviation of local affections.

NEURALGIA.

ERCHANGE BANK, MINOORA, III., May 12, 1873.

MESSRS. ALLCOCK & CO.—I Jost a leg in the late war, since which, until a year ago, I have suffered greatly from neuralgia in my sump. A year a 20 l began using your POROUS PLASTER on the stump. I wear one constantly, and have no neuralgia. I write this, thinking it may benefit some poor unfortunate that has suffered as I have done.

DANIEL FERGUSON.

Ing it may benefit some poor unfortunate that has suffered as I have done.

LETTER FROM J. R. DECATUR ESQ.

WATER STREET, New YORK, August 7, 1872.

Thomas Allocok & Co.:—For many years I have suffered from lame and weak back, it being so weak I could not raise a ten-pound weight from the floor. It was paintul for me to stand five minutes without leaning on something for support and it was necessary for me to be very careful in walking, for the least misstep or jar caused me inten-e pain. The ALLOCOK FOROUS PLASTER was often recommended, but my prejudices were so strong that it was a long time before I concluded to try them. Suffering so much, I was prevalled upon to give one observa strail. Wonderful to relate, it gave me immediate fellet, and now I have, as it were, a new back: have no difficulty in standing, walking or litting. I send you this evidence for the benefit of my fellow men. I leet that I would like every person of know of the value of ALLOCK'S FOROUS PLASTER for weak backs. I have recommended the many of my friends, who have storys respectfully.
